

The background of the cover is a close-up photograph of several books standing upright. The spines of the books are visible, showing a variety of colors including yellow, red, pink, purple, and blue. The books are arranged in a slightly overlapping manner, creating a sense of depth and abundance.

Public Library Resource Guide for Schools

Introduction

Public Library Resource Guide for Schools

This Public Library Resource Guide for Schools provides information for primary and post-primary schools to develop and expand reading and literacy collections within the school setting. This is supported by each local library service which provides a wide range of books, resources and activities to support schools in developing students' literacy, numeracy, creativity, and communication skills.

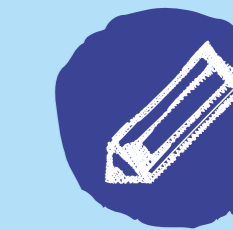

Each library service operates a network of central/large libraries, branch libraries and smaller part-time branches. Some library services also provide support for schools through mobile libraries or a school library van.

The range of services offered to primary and post-primary schools are:

- Class visits to the local library, arranged locally in advance
- A teacher's card made available to every teacher in the school which enables each teacher to borrow items for his/her class
- Presentations on the library services may be available on request

- A range of relevant library resources and services provided to your school including reading and curriculum support materials and online learning resources
- Reading/ study spaces available within the local library
- Reference and research guidance provided to students for their project work
- Resources for parents to strengthen children's literacy and numeracy skills
- Ongoing support for strengthening reading skills through library programmes and initiatives, including during school holiday periods
- Local history resources for and historical material about your local area

Each library service makes contact with the schools in their area towards the beginning of each school year to provide information on the library services and resources available. Schools may of course contact their local library services directly to enquire about specific supports. Please see Find Your Local Library | Libraries Ireland for contact details.

Children's Books Ireland

Children's Books Ireland exists to inspire a love of reading in children and young people. Our vision is simple: every child a reader. We champion every child's right to excellent books and live literature events, inform adults who influence children's reading and support the authors who make that goal possible across the island of Ireland.

Make the most of your school library grant by:

- accessing costed reading lists: <https://childrensbooksireland.ie/news-events/making-most-your-school-library-book-grant>
- finding excellent books for children and young people by visiting the 'Our recommendations' section on our website where you can search by age and theme: <https://childrensbooksireland.ie/our-recommendations>
- downloading resources for school libraries: <https://childrensbooksireland.ie/resources-ideas/resources-schools-libraries>
- selecting excellent class reads: <https://childrensbooksireland.ie/resources-ideas/ideas-activities-packs/class-reads-resource-packs-and-instructional-videos>

Subscribe to our schools newsletter to stay up-to-date: <http://eepurl.com/hprnqj>
